Course Syllabus

Introduction to Agentic Systems

We are glad you have joined us for this course! Here is some information that will help you to navigate your learning platform and locate course content.

Joining the Session

Before the first live session please confirm that you can access Zoom:

1. Visit https://support.zoom.us and click on **Getting Started**.
2. Attn Percipio Users - The **Join live course** option is available where you registered for the session in Percipio 15 minutes prior to the start of class.

Course Description

Take the first steps toward engineering advanced generative AI systems with Introduction to Agentic Systems.

Target Audience

This course is tailored for advanced AI users.

Agenda

- Learn the differences between workflows and autonomous agents.
- Apply criteria to understand ideal agentic use cases.
- See real life examples of various agentic techniques and design patterns.

Technical Support

We offer 24/7 support if you need assistance with your Percipio or Skillport learning platforms. To access support, click the initials of your profile and select “Help”.
